KO Cup Match Set-up Instructions

Match Format as on the right:
1: 7 Sets – Play All Sets
2: Best of – Same Number of Legs For All Sets
3: Once Per Match
4: Alternate

Press Continue
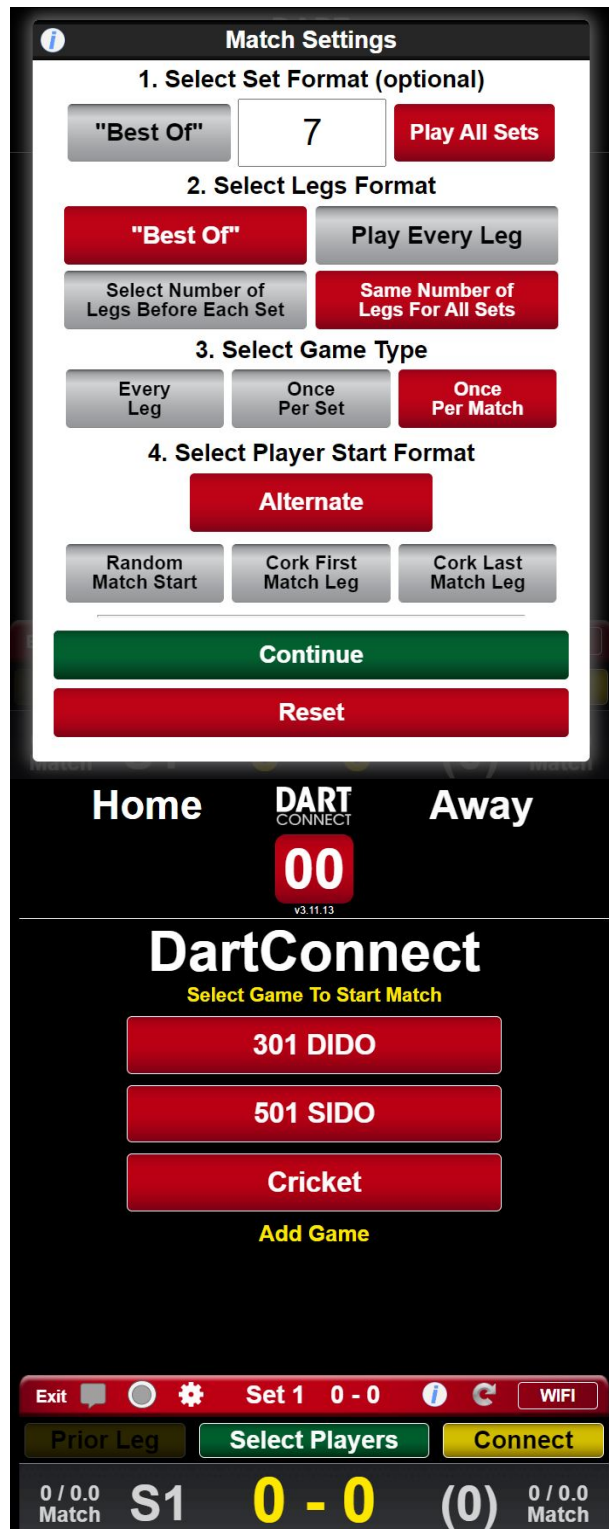

Press Select Players.

KO Cup Match Set-up Instructions

This is the player library which may be empty on your system.
Select Add Player and add the names of all the players from the Home Team and Away Team.
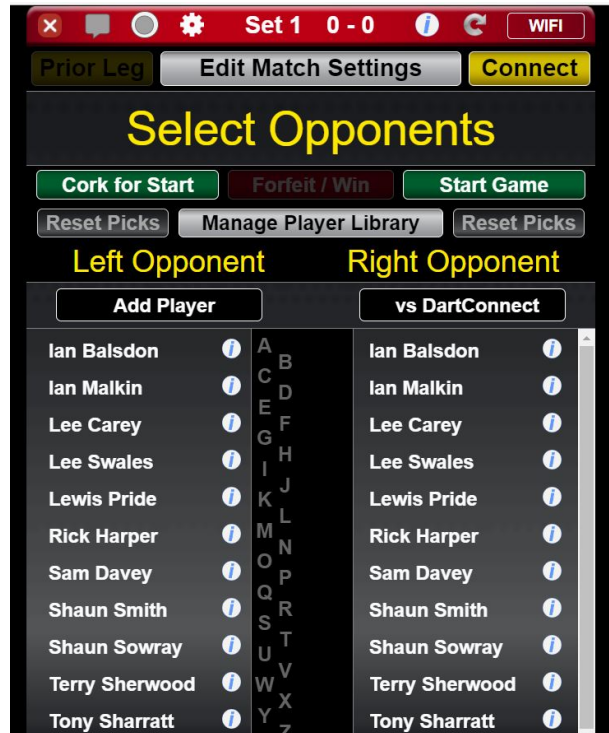

Add the first name and surname like this then select Add Player, do this until you have all 14 players listed.

When you have all the names added you can select Manage Player Library and in the bottom left select Backup Library, this will save all the names meaning you can add them now before match night, you can then exit back to the home screen which will cancel the match .

KO Cup Match Set-up Instructions

All the names entered will appear in both the left and right columns.
LEFT = Away Team
RIGHT = Home Team

The match set-up will alternate the starter of each set so there is no need to adjust it here, always keep the AWAY player left, HOME player right.

Away Team throw first in Sets 1, 3, 5 & 7
Home Team throw first in Sets 2, 4 & 6

Once players selected press Start Game

Choose the format – Best of 3, then press continue.
(You will only see this screen once)

KO Cup Match Set-up Instructions
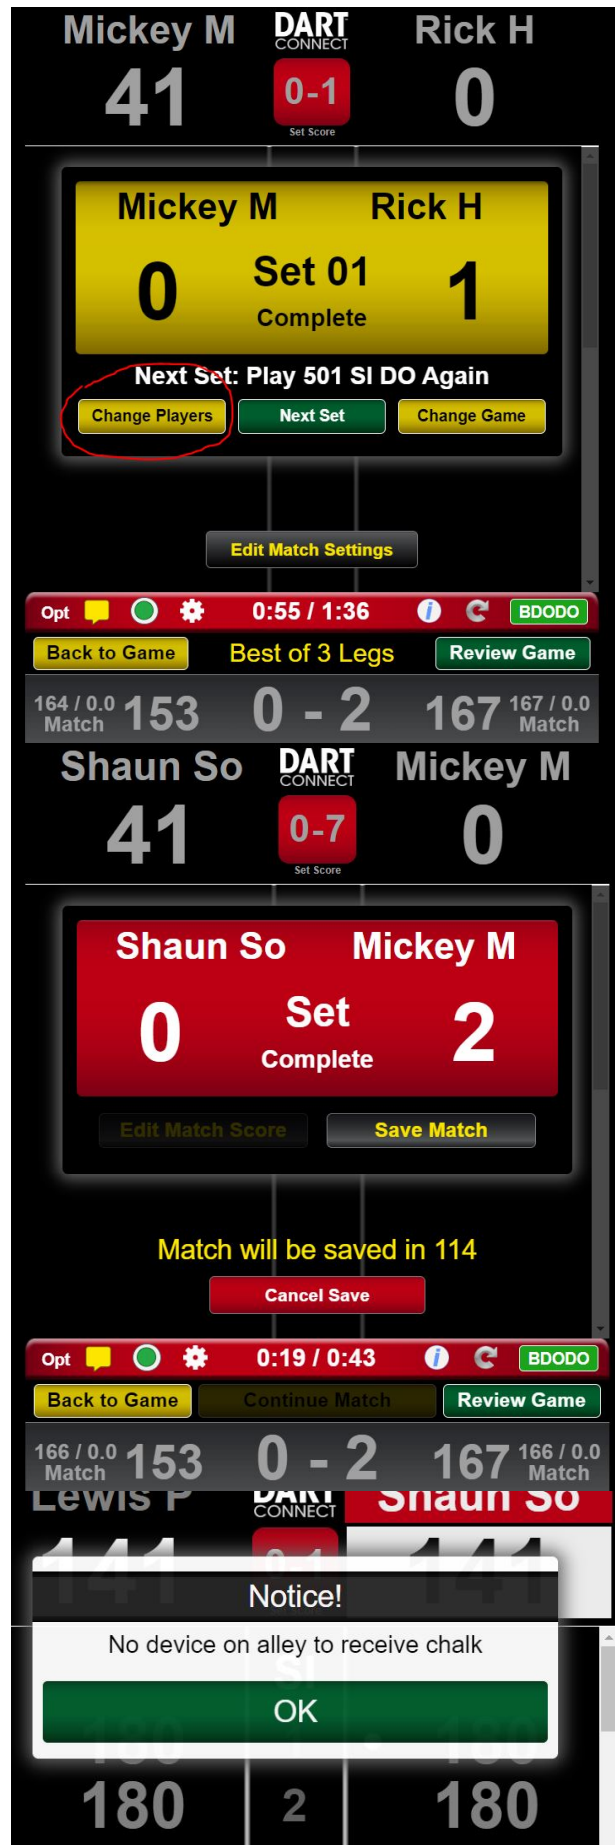

Select 501 SIDO.

And away you go.
If the starter is incorrect select back and you will be asked to the game (501 SIDO) and the option to change the starter will appear.

KO Cup Match Set-up Instructions

At the end of the set Change Players (Always keep the AWAY player left, HOME player right).

When all 7 sets have been played you will see this screen, save match and you will receive an e-mail of the match summary.
Forward a copy of the e-mail to Ian Gibson and myself before Noon on the Friday following the match to avoid being fined.

This warning and another appear occasionally, ignore they only stay on the screen for a few seconds then disappear.
